Thanks. However, I will be traveling to Aberdeen on Monday and away next week. Attached is all the FOA info I have for NFB. I also included is the FOA Analysis worksheet for Holy Trinity. Is that what has to be sent to Guardian and ER but with NFB info on it?

As far as the verbal memo....I received \$150K for Holy Trinity. Below is the statement I had in that memo based off of Arecibo Battery Template. Should we be accounting for EPA expenses? Or when I write up the verbal memo for NFB, will it be \$450K ERRS and \$150K RST? Thanks

“The purpose of this memorandum is to confirm the Division Director’s March 24, 2016 verbal authorization of \$130,000.00 in mitigation funding and \$20,000.00 in RST contractor funding for a total project ceiling of \$150,000.00 to initiate an emergency Comprehensive Environmental Response Compensation and Liability Act (CERCLA) removal action at The Holy Trinity Cemetery Site (Site ID# A23M).”

Eric

Please keep in mind that you need a contractor selection form with the FOA info provided by the ERRS contractors.

I can help with that on Monday

Mark

I left word with Joe that if he did not have that much money you could possibly issue the TO for less than the \$600k so you can get started. Walter approved up to \$600k.

I traded messages with Joe this afternoon and left a message with Sue B for Mark to let them know what our intentions are.
